

# Veni, Vidi, Vici

Virgin Steele

Are the Wings of Angels all a lie  
Tell me is this not you  
Are these Signs and  
Warnings all we know Tell me is this not you  
West Wind at my shoulder,  
North Wind at my back  
On the Bridge of Death no turning back  
The Cavern waits before me,  
a Falcon at my fist Seven Rings of Knowledge I exist . . .  
to Kill ! ! !  
Guardian of the Red Queen,  
Seven Rivers wide  
This won't end til one of us has died  
Eternal Death devour those who left their  
Mark Bleeding all the Light out of the Dark . . .  
to Kill ! ! !  
Gods of the Night,  
Gods of Day Lead me to another place  
We have the Force to make Wrong Right  
As the River leaves the stream  
All your yesterdays, shining bands unfold  
With the Power to Smash  
WE CAME, WE SAW,  
WE CONQUERED YOU ALL WE CAME, WE SAW,  
WE LIVE BY THE SWORD WE CAME, WE SAW,  
WE CONQUERED YOU ALL WE CAME, WE SAW,  
WE LIVE BY THE SWORD  
Arrows rip my shoulder, forge a distant  
Prize Shadows of their Might I know their  
Eyes On the Black Horizon see our Banners Wave  
Baring all Perdition for the Brave . . .  
to Kill ! ! !  
Gods of the Night,  
Gods of Day Lead me to another place  
We have the Force to make Wrong Right  
As the River runs away . . .  
All your yesterdays, shining bands of gold  
With the Guardian that hangs on the Pine  
We are Children of those who left their Mark  
With the Power to Smash ! ! ! ! ! ! !  
WE CAME, WE SAW,  
WE CONQUERED YOU ALL WE CAME, WE SAW,  
WE LIVE BY THE SWORD WE CAME, WE SAW,  
WE CONQUERED YOU ALL WE CAME, WE SAW,  
WE LIVE BY THE SWORD  
All your yesterdays shine on Wings of Light  
Sky Father, Lord of our Sorrows, our Victory is at hand Watch us . . .  
SHINE ! ! !  
Gods of the Night, where are you now?  
I laugh at your Fate !  
Fortune's on the run, see it now . . .  
WE CAME, WE SAW,  
WE CONQUERED YOU ALL WE CAME, WE SAW,  
WE LIVE BY THE SWORD WE CAME, WE SAW,  
WE CONQUERED YOU ALL WE CAME, WE SAW,  
WE LIVE BY THE SWORD ! ! !  
Will we ever meet again

Will we see the Light of Love At the Edge of the  
World Hold it now will we see the  
Sun Arise Recognize  
the God in Man at the Edge of the World  
I Crown Us . . . . .  
KINGS ! ! ! ! ! ! !
