

## Wings of Vengeance

Virgin Steele

Cold the Blood of an Angel, cold the Blood in my Heart  
Never stand between us or lose the Mystic Art  
Die cursing the Shadows, die cursing the Light  
Everything is changing except the Will to Fight  
By the Rising of the Sun, you will understand this Night  
In the Land where your Father died  
Into the Mighty Arms of Death  
Into the Darkness we fall  
Into the Mighty Arms of Death  
Into the Darkness we fall  
Cold the Blood of an Angel, cold the Blood of the Sky  
Everything is Fated, the Gods to me won't lie  
Die cursing the Shadows, die cursing the Light  
Everything is wasted, except the Will to Fight  
By the Rising of the Sun, you will understand this Night  
In the Land where your Father died  
Into the Mighty Arms of Death  
Into the Darkness we fall  
Into the Mighty Arms of Death  
Into the Darkness we fall... Spirit.... Avenge... Fury... Face  
the Flames...  
Come forth rise, take off your chains and fly into the Sky  
Stake the Viper, Kill in turn  
Fly, make an Oath to the Sky  
Win your Kingdom, win the Fame of a God!!!  
Cold the Blood of an Angel, cold the Blood in my Heart  
Everything is Raging, the Damned will choose their Mark  
Kill, Kill without warning, run the Blood of the Free  
Fear lives on a Mountain and Ravages our Dreams  
By the Rising of the Sun, you will understand this Night of Fire  
Into the Mighty Arms of Death  
To the Sky we never left  
Uncertain Hero you'll win the Day  
Violent accounting, Fortune's array!  
Into the Mighty Arms of Death  
Into the Darkness we fall  
Into the Mighty Arms of Death  
Into the Darkness we fall... we fall... we fall...  
In Darkness.... Descend!
