

Metal Ball

Viron

Working day has passed away
Friday night, the time is right
Got your mates and hell awaits!

Hit the road to get a load
You're dying to getting zood
Get your kicks on triple-six!

Show me your flame inside
Now set your hearts alight!
Scream for me, bleed for me now
For the time is right!

Go! Have a ball! Head for the show!
And you will get is all!
Go! Have a ball! Head for the show!
And you will get is all!

Feel the beat, that pounding beat
Bang your head you're going mad
In the pit your spirit fits!

Raging wild, true metal-child
Have a ball, you'll get it all
When your blood is boiling hot!
