

Raging Destiny

Virtuocity

All these years, I've spent my time,
With art and received, nothing in return.
I tried to believe, there's justice in this world.
Now I've lost my faith...
To be or not to be?

Now, I break my chains.
Now, I'm in control.
Change of season,
Change of time,
There is no,
Turning back.
Praying, calling,
Falling down,
Reaching for the lies.
What is my way, now I break my chains...

Year after year,
Soul after soul,
Day after day,
To be betrayed.
High and low,
Laugh and cry,
Circus of life goes on and on.
In my divine states of mind, creating insanity...

Year after year,
Soul after soul,
Laugh and cry, high and low.
Raging destiny, edge of insanity,
Raging destiny, we aim for nothing.

Make the sacrifice...
Make the sacrifice...

All these years, I've spent my time,
With art and received, nothing in return.
I tried to believe, there's justice in this world.
Now I've lost my faith...
To be or not to be?

Now, I break my chains.
Now, I'm in control.

Year after year,

Year after year,

Raging destiny, edge of insanity,
Raging destiny, we aim for nothing.
