

Rise & Rule

Virtuosity

Now it's time to rise and rule these burned wastelands of ancient kingdoms

7 seas are waiting to be sailed

7 lands are waiting to be conquered

They'll rule with power and wealth, they'll rule with wisdom and strength

They break the seals of ancient myths, they conquer the lands of Babylon

Now it's time to rise and rule

Sacred land will rise and rule

I hear the cavalry closing in

Thousands of armies are dying for their ruler's pride, ordered to fight

Now it's time to break the seals

They pray for their gods Osiris and Ra

They broke the seals of ancient books, there is the answer for return

Now it's time to rise and rule

Sacred land will rise and rule

Now it's time to break the seals, now it's time to learn the signs

4000 years of this sacred land, the wonder of the world

Rulers will return

They pray for their gods Osiris and Ra

They broke the seals of ancient myths

There is the answer of eternity

Now it's time to rise and rule

Sacred land will rise and rule

7 seas are waiting to be sailed

7 lands are waiting to be conquered
