

## Within My Heart

**Virtuocity**

When I looked into your eyes  
It felt like eternity  
When I looked up to the sky  
There's a star for you and I  
Our dreams are meant to be for eternal love

You always will be  
Within my heart  
Wherever you are  
Within my heart

You always will be  
Within my heart  
Wherever you are  
Within my heart
