

Breathe Life

Visage

Be who you are and say what you feel
Those who mind don't even matter
Those that matter they don't mind
If they don't matter, leave them behind

I see you leaving, soon to arrive
Stop searching and you will find
Stop running and just slow down
Time to catch your breath

Breathe life into me, resurrect me with you air
Never been gone far to long, too long to be forgotten
Breathe life into me, for we have so much to share
Never been gone far to long, breathe life into me

Life's measured by the number of steps
By moments that take our breath away
Health is the greatest gift
Fulfilment is the best relationship

Breathe life into me, resurrect me with you air
Never been gone far to long, too long to be forgotten
Breathe life into me, for we have so much to share
Never been gone far to long, breathe life into me
