

Look What They've Done

Visage

Hey, look there
So strange
The pain, it's so strange
It's not the same, It's so strange

Through the walls, I can hear them talk about
Someone who, sounds alot like me
Whispers so soft (It really doesn't matter)
Whispers so clear (It really doesn't matter)

What have they done to me ?...

Behind their hands, I can see them smile at me
Tell about everything I do
Pulling me down (It really doesn't matter)
Underground (It really doesn't matter)

What have they done to me?...

Hey, look there
So strange
The pain, it's so strange
It's not the same, It's so strange

What have they done to me?...

Done to me
I can see them smile at me
What have they done to me?
Tell about everything I do
What have they done to me?
Through the walls, I can hear them talk about
What have they done to me?
Someone who, sounds alot like you
What have they done to me?
Behind their hands, I can see them smile at me
What have they done to me?...
