

# Shameless Fashion

Visage

Destroy yourself if you love me, we're nothing together un-cut  
Subversion becomes solitary, I'm buried in the scrap yard missi  
ng you  
I'll give you two lead wings for your journey,  
Tartarus is calling your name  
Temptation was born out of envy,  
In love with the chaos our style lies forever in death  
I don't mind, if worn and broken we don't care what ghosts they  
find

We're in Fashion, Shameless fashion  
We're in Fashion, Shameless fashion

I drove the knife through my own heart, it was a pact and you w  
ouldn't go first  
Now I'm waiting for you in the red rooms, missing the water, ex  
clusive abuse  
Surrender to the greatest of numbers, paradisiacs whisper your  
name  
Useless, defective, this junk's retrospective, stuck between li  
ves we've stitched ourselves in vein.  
I can't see why, but... bruised and wounded we don't care what gh  
osts they find

Early 80's make up, fashion, once seen, soon to be in vogue (fa  
shion)  
Old fascinations, new sensations, I haven't got the patience (s  
hameless fashion)  
Two air kisses on both cheeks, as I turn I feel a dagger dig de  
ep, deep, deeper  
Turns a white shirt red, in the red red rooms
