Remember health warning
It's printed on the packet
Middle tar, low tar, high tar
Something that make you die

Taking one out of the packet It's just a force of habit You know you cannot stop it The why was the reason why

Nerves, nerves
Tension, tension
Addiction, addiction, addiction
Low tar, high tar

Nicotine stain on your finger Try to wash off but it still lingers Cigarette holder just a joke Don't really take bad away from smoke

Nerves, nerves
Tension, tension
Addiction, addiction, addiction
Low tar, high tar

Remember health warning
