

# Land Of Fear

Vision Divine

If I try to realize the great time we're living in  
To forget the fear I've been hiding  
In a broken theater I'm playing my last act

I fall shaking and start to recall  
If it's a dream don't take me back  
Don't wake me up back to my sorrow  
Where the grim gray melts with pain

All this time, every day  
Afraid to face my latest day  
Then you came, and you said  
"No, I won't let you fall away"

We're leaving from a land of Fear  
Looking for more  
We're just leaving from this old world  
We're leaving from a land of Fear  
Admire this new dawn  
We're heading for a new horizon  
We're leaving from a land of Fear  
Tell me... How do you feel?  
Take my hand I won't let you go away  
We're leaving from a land of Fear  
Where your dreams were so dark  
Leave this old world apart...

Take me away from the dark, it slowly surrounds me  
Where the sun rays will blaze on me  
Take me away from this earth rejecting me

Down here my body weakens and falls  
Withering slowly, heart and soul  
I need you now, now and tomorrow  
Let me dream a little more...

Let me breathe, let me cry  
Don't let go this heart of mine  
Let me feel, let me hear  
Yeah, your voice hushing my despair

We're leaving from a land of Fear  
Looking for more  
We're just leaving from this old world  
We're leaving from a land of Fear  
Admire this new dawn  
We're heading for a new horizon  
We're leaving from a land of Fear  
Tell me... How do you feel?  
Take my hand I won't let you go away  
We're leaving from a land of Fear  
Where your dreams were so dark  
Leave this old world apart...

All this time, every day  
Afraid to face my latest day  
Then you came, and you said

"No, I won't let you fall away"

We're leaving from a land of Fear  
Looking for more  
We're just leaving from this old world  
We're leaving from a land of Fear  
Admire this new dawn  
We're heading for a new horizon  
I'm leaving from a land of Fear  
Tell me... How do you feel?  
Take my hand I won't let you go away  
I'm leaving from a land of Fear  
Where your dreams were so dark  
Leave this old world apart...

I'm leaving from a land of Fear  
Tell me... How do you feel?  
I won't let you go away from me  
I'm leaving from a land of Fear  
Where your dreams were so dark  
Leave this old world apart...
