Out of a distant night (voices)

Vision Divine

Cold as inhuman light's Tell me why are you calling my name How do you know Who I am and where I come from?

Can't see your faces, can't see your eyes By the light of a pale moon Weaving a magic row to my head I can hear all the voices inside

Voices out of a distant night Haunting my deepest thoughts from inside to aside Voices's Let me hear what you got for me Let me know Give me the reason why you have called And the reason why you hide

Steps on the floor I hear I can feel your breath upon me A flower scent Don't tell me I'm raving again

Can't see your faces, can't see your eyes By the light of a pale moon Weaving a magic row to my head I can hear all the voices inside

Voices out of a distant night Haunting my deepest thoughts from inside to aside Voices's Let me hear what you got for me Let me know Give me the reason why you have called And the reason why you hide

Voices (Voices) Turning inside my head (Turning inside my head) Voices (Voices) Voices around my head's (Voices around my head)

All these voices out of a distant night Hunting my deepest thoughts from inside to aside

Can't see your faces, can't see your eyes By the light of a pale moon Weaving a magic row to my head I can hear all the voices inside

Voices out of a distant night Haunting my deepest thoughts from inside to aside Voices's Let me hear what you got for me Let me know Give me the reason why you have called And the reason why you hide

Voices (Voices) Turning inside my head (Turning inside my head) Voices (Voices) Voices around my head's (Voices around my head)
