Excruciating Pain

Vital Remains

Feel the torment of brutal bestial torture Drinking the blood of self inflicted wounds Dislocating limbs for the flawless rush of pain Horrified screams to some it's only dreams

Excruciating pain upheaval of vomit Excruciating pain Excruciating pain disemboweling stomach Excruciating pain

Your eyeballs removed ultimate fucking pain Impaled upon iron hooks sunken sockets bleed Choking on your mangled tongue You can hardly breathe Reaching deep inside your throat cutting it free

Excruciating pain upheaval of vomit Excruciating pain Excruciating pain disemboweling stomach Excruciating pain

Coming so close to your obliteration Coughing up blood on your chest Violently heaving for a last breath Mutilating yourself to death

Carving up your flesh Watching open wounds bleed Carving up your flesh Another blackened gash bleeds

Carnage through butchery The loss of all feeling Carnage through butchery No remorse no feeling

Feel your heartbeat coming to a close Ripping your flesh down through your chest Rabidly stabbing through your heart Mutilating yourself to death
