What a blessing, how you found me
How you conquered me
And you showed me so much
Just how it should be
Sometimes I wake up when you're sleeping
Just to watch you dream
I kiss your eyelids
And tell you thank you
For this reality

You love me incredibly
From my head to the soles of my feet
You know you make me complete baby
And you love me outstandingly
Can't contain it need a moment to breath
Keep on loving me baby

When you're away from me
I wait anxiously
Sometimes I barely sleep
Cause I'm just so used to you
Being wrapped up in you between our sheets
I'm so excited for the future
What we're gonna be
I've got this glow
Everyone knows
Someone is loving me

Oh you do something to me
When you look in my eyes
The very touch of you brings me to life
It's the ultimate crazy stuff
Just amazing love
Keep it coming to me cause
