

# Free As A Bird

Vivian Green

Baby I just gotta be free to be me oh oh oh  
Baby I just gotta be free to be me

Don't wanna turn into another person when you're around  
Maybe somebody else I know I don't really want  
Be hold back my tongue when I really wanna scream  
Don't try to add it, don't mind if I'm me

I'm free as bird, free as my word  
You can say what you wanna, I'mma do what I'm gonna  
This is the real me and I just gotta be free as a bird in the sky  
Free as bird, free as my word  
You can say what you wanna, I'mma do what I'm gonna  
This is the real me and I just gotta be free as a bird in the sky

Baby I just got to be free to fly away oh oh oh  
Baby I just got to be free to fly away

Don't want nobody keeping my feet on the ground  
My spirit's too alive, I need to move around  
So let me go and just let me be  
Don't try to edit, don't mind if I'm me

I'm free as bird, free as my word  
You can say what you wanna, I'mma do what I'm gonna  
This is the real me and I just gotta be free as a bird in the sky  
Free as bird, free as my word  
You can say what you wanna, I'mma do what I'm gonna  
This is the real me and I just gotta be free as a bird in the sky

Ain't nothing like being free  
Controlling your own destiny  
So take off and fly with me  
This life is an odyssey  
Free like the wind and the water  
Leaves in the autumn falling  
That's what I'm calling free  
The only way I wanna be  
That's how it is so that's how I'll ever be

I'm free as bird, free as my word  
You can say what you wanna, I'mma do what I'm gonna  
This is the real me and I just gotta be free as a bird in the sky  
Free as bird, free as my word  
You can say what you wanna, I'mma do what I'm gonna  
This is the real me and I just gotta be free as a bird in the sky
