

# Only a Heartbeat Away

Vixen

The scene is set, we play the parts  
Boy meets girl, better shelter our hearts  
We trace the steps that a thousand lovers have danced before  
Without a sound, we're face to face  
And every breath is suspended in space  
Every moment we're together just leaves us wanting more

Who-oh, holding back tonight, afraid of tomorrow  
We both know something's got to give  
Gotta make it soul to soul, so come a little closer

We're only a heartbeat away  
From laying it all on the line  
We're only a heartbeat away  
It is just a matter of time  
So tell me that you need me (need me)  
And I'll come running baby can't you see  
We're only a heartbeat away

It's in the air, it's in our eyes  
Burning through every cool disguise  
And pretending that we don't care  
Pushes us closer to each other's fire

It's too late to break the spell that encircles us  
The chains of destiny are strong, stronger than both of us  
Come on let's surrender

We're only a heartbeat away  
From laying it all on the line  
We're only a heartbeat away  
It is just a matter of time  
So tell me that you need me (need me)  
And I'll come running baby can't you see  
We're only a heartbeat away

We've been too scared of taking a fall  
We're just a heartbeat away from giving our all  
It's only love, only love

Holding back tonight, afraid of tomorrow  
We both know something's got to give  
Gotta make it soul to soul, come on let's surrender

We're only a heartbeat away  
So come on, get closer  
We're only a heartbeat away, yeah, yeah  
So tell me that you need me (need me)  
And I'll come running baby can't you see  
We're only a heartbeat away  
From laying it all on the line  
We're only a heartbeat away  
It is just a matter of time  
So baby tell me that you need me (need me)  
And I'll come running baby can't you see  
We're only a heartbeat away  
(We're only a heartbeat away) Only a heartbeat away

(Only a heartbeat away) Yeah
