

## Shut Up

Vixen

I'd like to hang you from a tree  
Then make you watch what you don't wanna see  
Find out what's really in your mind  
Well, are you that twisted and unkind?

Shut up, shut up, words pound my head  
Shut up and get off my TV set  
Shut up, shut up, why aren't you dead?  
Why aren't you hangin' from a tree?

I'd like to make you sit and spin  
Until the lies eat through your skin  
But there's no compassion in your soul  
Remorse is only for yourself

Shut up, shut up, words pound my head  
Shut up and get off my TV set  
Shut up, shut up, why aren't you dead?  
Why aren't you hangin' from a tree?

Little man with big ambition  
Arrogant by self admission  
I just wish the world  
Could find a way to make you shut up

Shut up, shut up, words pound my head  
Shut up and get off my TV set  
Shut up, shut up, why aren't you dead?  
Why aren't you hangin' from a tree?
