

# Breakout the Violins

Viza

A bird  
A plane  
A face  
That I can remember for days  
And days  
And days

You are the temptations that fool  
The cruelest of gools  
And offer surrender and lies  
And lies  
So nice

You're hundred percent of a fool  
You're cruel  
And spew your thousands and thousands of lies  
To hide  
Your crime  
The creeps the nip of your skin  
So thin  
So thin?

Break out the violins  
Break out the violins  
Break out the violins now  
Break out the violins

The shame and days  
Of us  
I can remember the days of rain  
And lust  
What happend to my surprise?  
Surprise!  
Your task  
Your only direction is blame and shame  
Not trust  
If I can only confuse the use with sex  
With a little objection of rules  
And tools no less  
Then I would choose to loose my friends at best

Break out the violins!  
Break out the violins  
Break out the violins now  
Break out the violins

She's pretending to play violins  
She swears to not even know(8x)

Break out the violins  
Break out the violins  
Cause you are the reason that I jumped!
