

Here little Billy lemme
tell you about a man
in command.
He rushed his people to the
beat of his five year plan

Build it, wield it, watch it
fill the night, now Stalin
says to sit back and watch
it light...Dynamite!

Here little Billy now make
sure you wash your hands.
They're hot on our tail
in old Mercedes-Benz.

Build it, wield it, watch it
fill the night, now Stalin
says to sit back and watch
it light...Dynamite!

Dynamite!
Dynamite!
Dynamite!

Comrades! Tonight we are
gathered before to witness
the greatest achievement
man has come to see,
tonight we make history,
tonight we make..Dynamite!
