

How Can I?

Viza

Moonlight I ask of you dear friend show me her footsteps.
Farewell once more all hope is dead.
Farewell once more this boy has met the wolf that keeps her lamb
close.
Moonlight I ask of you dear friend to show me where she's been.

How can I ever be close to you?
How can I ever be one with you?
How can I ever believe in you?
When all you do is break my heart.

Twilight I ask of you dear friend follow me to hell.
Rejoice no more I've fallen for.
Rejoice no more I've called out for the devil to comfort me.
Twilight I ask of you dear friend to show me how she's been.

How can I ever be close to you?
How can I ever be one with you?
How can I ever believe in you?
When all you do is break my heart.

How can I ever be close to you?
How can I ever be one with you?
How can I ever believe in you?
When all you do is break my heart.

Now all you do is break my heart.
