

Listen, my heart aches for you.  
Listen, my heart breaks in two.  
Here now I am only yours.  
Listen, my heart aches for you.  
For you...

Speak out your words come to mind.  
Right now I wish not to fight.  
Here now I stand all alone.  
Listen, I wish to go.  
To go...  
To go!

Heavens no! I won't be there till you pay the price.  
Heavens no! I won't be there till you take the dive.

Somehow I'm restless to define if you have left and if I have even cried.  
Here now I am only yours.  
Listen, I wish to go.

Heavens no! I won't be there till you pay the price.  
Heavens no! I won't be there till you take the dive.

Heavens no! I won't be there till you pay the price.  
Heavens no! I won't be there till you take the dive.  
The dive...

Listen, my heart aches for you.  
Listen, my heart breaks in two.
