

Mediterranean Thief

Viza

Until we meet I'll watch you sleep and pay the deed that unlocked your door.

Until we meet I'll wait around the highest wall as you may not.

..

Wonder.

I want her.

I wonder.

Eyes, such ancient eyes.

Your private gaze to your public eye.

Until we meet I'll break the night to watch you dream, to steal the light.

Wonder.

I want her.

I wonder.

If you cause me trouble I'll know that you never want me.

Slip out the backdoor. Climb up the wild tree.

But if you desert me then I will pursue you for I only fall for you.

Why? Why must I try?

Why must I crave such bitter lies.

Until we meet I'll play guitar.

I'll sing to you.

To you, my star.

Wonder.

I want her.

I wonder.

If you cause me trouble I'll know that you never want me.

Slip out the backdoor. Climb up the wild tree.

But if you desert me then I will pursue you for I only fall for you.

If you cause me trouble I'll know that you never want me.

Slip out the backdoor. Climb up the wild tree.

But if you desert me then I will pursue you for I only fall for you.
