

## Red Light Inferno

Viza

Enjoy you red light.  
Enjoy your mannered moans.  
Enjoy your neckties.  
Enjoy your hundred clones.

Easy goes now... into the fire we go.  
Easy goes now... into the wild we go.

Enjoy your red light of gifts.  
Enjoy your smoothest cloves.  
Enjoy your saddest pair of eggs.  
Enjoy the jousting doves.

Easy goes now... into the fire we go.  
Easy goes now... into the wild we go.

Into the wildest streets we go and through the wildest dreams we  
drove.  
And through the wildest streets we go and through the wildest d  
reams we drove.

Easy goes now... into the fire we go.  
Easy goes now... into the wild we go.

Enjoy your headlights.  
Enjoy your window.  
Enjoy your golden flags.  
Enjoy your mirrored grove.  
Enjoy your past life.  
Enjoy your crystal ball.  
Enjoy your red light.  
Enjoy your hour long alone.

Easy goes now... into the fire we go.  
Easy goes now... into the wild we go.

Into the wildest streets we go and through the wildest dreams we  
drove.  
And through the wildest streets we go and through the wildest d  
reams we drove.
