

Not The One

Voices of Destiny

Feel how illusion did more than build me up
With all its mellow tones
Now I am trapped inside
The door is locked but I've got the keys at hand
Nothing left to do, I got to go

My eyes, they deceived me
Don't be a fool
This ain't eternity
So many doubts, this shall end right now
Don't cry 'bout me
I'm not the one to bleed

Your voice won't reach me through this wall of silence
I feel no need to break it
Nothing left to say, this is the end

My eyes, they deceived me
Don't be a fool
This ain't eternity
So many tears, this shall end right here
DON'T YOU CRY 'BOUT ME
I'M NOT THE ONE TO BLEED

FEAR ME
I AM A DEMON
YOU CAN'T KILL ME
BUT TRY TO HURT ME TO KILL THE BLAME
The criminal inside is stepping back into the shadows
Tonight he's not the one to bleed

My eyes, they deceived me
Don't be a fool
This ain't eternity
So many doubts, this will end right now
Don't cry 'bout me
I'm not the one to bleed
I won't bleed
