

Forlorn

Voivod

now i've come back
crusing the day my maker took
my strength away
planet control
to save my world
mission complete
though I am weak

lost in this world
I am forlorn
loss of this world
I am forlorn

I fight alone
me with my selves
battling ghosts
part of this hell
give me some rest
I feel so old
my blood is drained
turning me cold

lost in this world
feeling forlorn
loss of this world
I am forlorn
lost in this world
feeling forlorn
loss of this world

I am alone
shadows here
in this place
planet fear
death is near
anark my given name
close my eyes
fade away...
