

## Forlorn

Voivod

now i've come back  
crusing the day my maker took  
my strength away  
planet control  
to save my world  
mission complete  
though I am weak

lost in this world  
I am forlorn  
loss of this world  
I am forlorn

I fight alone  
me with my selves  
battling ghosts  
part of this hell  
give me some rest  
I feel so old  
my blood is drained  
turning me cold

lost in this world  
feeling forlorn  
loss of this world  
I am forlorn  
lost in this world  
feeling forlorn  
loss of this world

I am alone  
shadows here  
in this place  
planet fear  
death is near  
anark my given name  
close my eyes  
fade away...
