

# Moonbeam Rider

Voivod

Ride  
Ride on  
Ride the sunrise  
To higher ground

Ride  
Ride on  
Ride the hog high  
You're glory bound

Ride  
Ride on  
There is no time  
You're moving on

Ride  
Ride on  
There is a sign  
Another town

Bad muckin' luck and misery  
All is forgotten memories  
Trouble and time left way behind  
Trouble and time, a thousand crimes  
And all the things you will regret  
And all the things you can't forget  
There's no reason to be ashamed  
For your many ill-gotten gains

And the Moonbeam shines on the Chrome

Ride  
Ride on  
Don't you realize  
What's going on

Ride  
Ride on  
The road to the stars  
You're riding on

Did you ever live in this world?  
Were you ever within your world?  
Ride on and on until you're gone  
Do you believe you now are free?  
Do you believe you're born to be  
The Moonbeam Rider in the sky  
The Moonbeam Rider in the sky
