

## Reality?

Voivod

Struggling through this  
Disturbing life  
Surviving is  
the only way  
to understand  
the reasons why  
each of us live  
riding the blind  
tension will pull  
you down beneath  
way underground  
you shall remain  
using your soul  
dying to breathe  
nothing to say  
no one to blame  
I've always been  
slightly confused  
all things appear  
doomed in a way  
whispering voice  
is this the end?  
my only fate  
Tormented, down  
Reality...  
Tormented, down  
Reality...  
Upside down reality  
I can't hide anxiety  
Say goodbye to sanity  
Upside down reality
