

## The Tower

Voivod

he is anark  
can you hear the sound of the phantom bell  
people gather around  
burn in his half-world hell  
proto-overman  
user of the dead hand  
to the tower  
he is anark  
screams that calm the wind  
hear the black birds shriek  
death is your last breath  
we have one enemy  
proto-overman  
user of the dead hand  
to the tower  
he is anark  
dark dance  
break of dusk  
cold wind  
time to kill  
eyes closed  
see his blood  
fear not tomorrow will  
proto-overman  
user of the dead hand  
to the tower...
