

## Thrashing Rage

Voivod

I'm in a nightmare and it's  
Gonna burn tonight  
I don't know why but  
There's something strange in me  
Losing all control if you  
Don't want to stop  
Searching the way where I  
Can get the force  
This is the beggining of hostility  
In the still of the night  
I keep a strict eye on you  
Somewhere on the hill of immortality  
The butcher is running down the land  
Taking your chance  
Looking for a fight  
Biting the bullet  
Ready you'll catch your death  
Rough and tumble life  
Such and eternal night  
We're the die-hards with a  
Nasty mind deep in integrity  
Joining our destructions  
With our domination  
You can't resist it's thrashing rage  
In the labyrinth I run to see the end  
Mirage of death as long as infinity  
Living dying in this deep misery  
I'm gonna raise hell  
Coz I'm over the top  
This is the beggining of hostility  
Choose your awful swords  
And fight until the end  
Scream the pain that you have  
Die right here in the hole  
Hunt if you wanna live  
And kill until you win  
Lust the blood of your enemy  
Falls or return in a deep sin  
Now we are the guards  
Of their thrashing land...
