

Everything's Still Fine

Volbeat

Got my wheels in motion
I hit the road, I don't know why
The key to sell myself is fine
Behind my laugh there is a sign

Tell everyone everything is fine
Tell everyone everything is fine
Don't look for me
Tell everyone everything is fine

Got my wheels in motion
I drive 100 miles at night
Still hypnotized by own mind
Behind my laugh there is a sign

Tell everyone everything is fine
Tell everyone everything is fine
Don't look for me
Tell everyone everything is fine

Still on the road, yeah tell them that
The radio plays always, yeah
I'm coming home and I'm okay
Just don't know where I'm gonna stay

Tell everyone everything is fine
Tell everyone everything is fine
Don't look for me
Tell everyone everything is fine
