Heaven Nor Hell

Volbeat

Well, I've heard that the devil's walking around I sold my soul way down in the dirt But stole it back and forever in debt

And for a moment I don't even care Until I feel his breath at my neck And maybe even you can feel it too He's on a strike and looking at you

Holding onto his words, but baby I saw an angel become the devil Still they look pretty good hand in hand Well baby, I don't need any of them Heaven nor hell

Well, I've heard that the morning star of a prince Was invoked on a Monday on earth
I found his business card in the mud

And for a moment I don't even care Until I feel his breath at my neck And maybe even you can feel it too He's on a strike and looking at you

Holding onto his words, but baby I saw an angel become the devil Still they look pretty good hand in hand Well baby, I don't need any of them Heaven nor hell

Evil came down on earth And it beholds more than you love More than you love

Heaven don't fall on earth
What you behold is no longer a word
No longer a word

Well, I've heard that the devil's walking around I sold my soul way down in the dirt But stole it back and forever in debt

And for a moment I don't even care Until I feel his breath at my neck And maybe even you can feel it too He's on a strike and looking at you

Holding onto his words, but baby I saw an angel become the devil Still they look pretty good hand in hand Well baby, I don't need any of them Heaven nor hell
