

# Leviathan

Volbeat

Leviathan, where are you now?  
My secret friend from the underground  
Bring your waves and the thunder  
Make me believe forever more

Outside my window I can see  
The ocean where you used to be  
Horns that sprout out from your head  
A glowing light near the surface

Leviathan, open your eyes  
I cannot save the world's demise  
All alone with no armor  
Your burning eyes shine from under

You said that you and I  
Could make 'em all terrified  
And clean up the whole world

Leviathan, open your eyes  
Leviathan, open your eyes, whoa oh  
Leviathan, open your eyes  
Leviathan, open your eyes, whoa oh

Remember once upon a time  
Nobody loved you more than I  
Our secret place is in danger  
Wake up, king of the creatures

Outside my window I can see  
The ocean where you used to be  
Horns that sprout out from your head  
A glowing light near the surface

You said that you and I  
Could make 'em all terrified  
And clean up the whole world

Leviathan, open your eyes  
Leviathan, open your eyes, whoa oh  
Leviathan, open your eyes  
Leviathan, open your eyes, whoa oh

Under the blackened sky when a fire storm lit up the ocean overnight  
So we meet again, but this time we step out of our dreams with open eyes  
Now that it's said and done, can we make this world a better place for every  
one?  
For everyone

You said that you and I  
Could make 'em all terrified  
And clean up the whole world

Leviathan, open your eyes  
Leviathan, open your eyes, whoa oh  
Leviathan, open your eyes  
Leviathan, open your eyes, whoa oh
