

Pelvis on Fire

Volbeat

I'm customized to do everything I shouldn't do
I've learned all that I know by stubbornness and blues
I got my schooling more or less on the street
My eyes have seen a thing or two, oho
And though my heart has made me weary
I like everything about you, yes I do, yes I do, yes I do, yes
I do

I like the way you look, the way that you talk
I like the way that you move when you walk
My mind is set on you
My pelvis is on fire
And I can't shake it off
My b-b-b-b-b-brain is out of t-t-t-timing

What's life without any shaking
A little bit of juicy pussy pin-up
The jukebox down in the corner needs a coin for a Sad Man's Tongue
When you shake that thing, I'm down on my old knees
You go girl, I'm in love with you, oho
And though my heart has made me weary
I like everything about you, yes I do, yes I do, yes I do, yes
I do

I like the way you look, the way that you talk
I like the way that you move when you walk
My mind is set on you
My pelvis is on fire
And I can't shake it off
My b-b-b-b-b-brain is out of t-t-t-timing

I got a bullet living inside my head
I got a bullet living inside my head
I got a bullet living inside my head
I got a bullet living inside my head, oh...
I got a bullet living inside my head

Oh baby bullet dear
Oh baby bullet dear
Oh baby bullet dear
Oh baby bullet dear, oh...
