

# The Sinner Is You

Volbeat

What's life without a little pain  
the good thing is on a little break  
you'll be fine and up again  
the goal is to bring the human back to the world  
'cause nothing will last  
but bring it home as a friend  
or the sinner is you

I'm the collector of the good spirits of mother earth  
hell is life drying up  
I see and hear more than I wish  
the seal has broken up again  
one life on earth fades away again  
the sinner is you

There's been a kill in the spirit world  
the ultimate sinner just don't know

Is there forgiveness  
do we all deserve our blessing from the spirit world

Is this a sign for all of us  
to take care of the life we have  
please wake up and feel the love
