

# The USS Make Shit Up

Voltaire

I was stranded on a planet, Just me and Spock  
We met a nasty nazi alien who locked our asses up  
We found a hunk of crystal and a metal piece of bed  
We made a laser phaser gun and shot him in the head

Bust a move, Tog

I was standing on the bridge when Sulu came to me  
His eyes were full of tears he said "Captain, can't you see  
the ship is gonna blow do something I beseech"  
I grabbed a tribble and some chewing gum and stopped the warp core breach

And I say,  
Bounce a graviton particle beam off the main deflector dish  
Thats the way we do things, lad, we're making shit up as we wish  
The Klingons and the Romulans pose no threat to us  
'Cause if we find we're in a bind we just make some shit up

And though he's just a child, and some think him a twit  
Wesley is the master when it comes to making up some shit  
He's the guy you want with you when you go out in space  
Now if only he could beam those pimples off his face

And if you're at a party on the starship Enterprise  
And the karaoke player just plain old up and dies  
Set up a neutrino field inside a can of peas  
Hold on to Geordi's visor and sing into Data's knee

And I say  
Bounce a graviton particle beam off the main deflector dish  
Thats the way we do things lad, we're making shit up as we wish  
The Klingons and the Romulans pose no threat to us  
'Cause if we find we're in a bind we just make some shit up

Sisko's on a mission to go no bloody place  
He loiters on a space station above Bajoran space  
The wormhole's opened up and now they come from near and far  
We'll keep the booze but please send back the fucking Jem-hadar

What is with the Klingons, remember in the day  
They looked like Puerto Ricans and they dressed in gold lame  
Now they look like heavy metal rockers from the dead  
With leather pants and frizzy hair and lobsters on their heads

And I say  
Bounce a graviton particle beam off the main deflector dish  
Thats the way we do things lad, we're making shit up as we wish  
The Klingons and the Romulans pose no threat to us  
'Cause if we find we're in a bind we just make some shit up

Well, I was stuck on Voyager, pounding on the door  
When suddenly it dawned on me I've seen this show before  
Perhaps I'm in a warp bubble and slightly out of phase  
'Cause it was way back in the sixties when they called it "Lost in Space"

We were looking for a way to make the ratings soar  
So we orchestrated an encounter with the Borg

Normally you'd think that that would get us into shit  
But this one has a smashing ass and a lovely set of tits

And I say

Bounce a graviton particle beam off the main deflector dish  
That's the way we do things lad, we're making shit up as we wish  
The Klingons and the Romulans pose no threat to us  
'Cause if we find we're in a bind we're totally screwed but nevermind  
We'll pull something out of our behinds, we just make some shit up
