

All my life  
I can't define  
This single instant  
This graphic moment  
To step foot on this  
To step foot on this

You'll never know  
You're the reason I came  
I cannot do this without you  
No, I never doubt you  
But I feel like you don't feel the same way

Now you're buried underneath  
Gone but never forgotten  
James Vahle

I was young  
An inquisition of who I would become  
Who I see in myself  
When the gravel got loose  
And you were just trying to help me

Loved ones  
Afterlife is something that you think about  
When you're caught up in that moment  
That moment you don't wanna dream about

When you want something more  
And she said I was stuck  
And I should have pulled you out of that truck  
I'm sorry, it's my summer

We've been saying  
Why'd you have to go?  
Why'd you have to go?  
I've been waiting  
Staring at the floor  
Staring at the phone  
[2x]

Now you're buried underneath  
Gone but never forgotten  
James Vahle

I don't often think about regret  
And what it means to me  
I will always have all respect  
About what you mean to me

Why the fuck couldn't you have left it in the driveway?  
I knew it  
I would have picked you up  
I would have been there  
Why the fuck couldn't you have left it in the driveway?  
I can see you  
Now every time I turn the corner all I'm gonna think about is

Loved ones  
Afterlife is something that you think about  
When you're caught up in that moment  
That moment you don't wanna dream about

When you want something more  
And she said I was stuck  
And I should have pulled you out of that truck  
I'm sorry, it's my summer

We've been saying  
Why'd you have to go?  
Why'd you have to go?  
I've been waiting  
Staring at the floor  
Staring at the phone
