

## Beside You

Von Herten Brothers

Honey please forgive me what I've done  
I was losing my right mind today  
And what I said was wrong and stupid  
Yet it cannot be undone  
And I know that we can find a way  
To sort this out without that silver gun

C'mon now I can't get sleep  
If you're pointing that at me  
Put it down and let me be

Beside you  
All I want to do is sleep, so please let me be

Okay let's have it in your way  
So you want to see me out of bed  
And on my knees until you free me  
Getting tired of this game  
I get up thinking all the same  
As long as it will end this play of shame

You can kill me when I sleep  
If I'm not the one to keep

Beside you

And it's very time the same things  
All over and over again  
- a circle with no end

C'mon now please tell me  
Tell me how you feel  
The confessions that you need  
All I want to do is sleep  
I really need some sleep  
I really need to be

Beside you
