

Hold Out

Vonda Shepard

I know that I'm not crazy
If I were I wouldn't talk about it
I'm homesick for your love
'Cause I know I can't live without it

If you need a guarantee
I'm gonna love you everyday
Say no more about it
Because you've got it in every way

I'm gonna hold out one more day
I won't let her take you away
I'm gonna hold out somehow, someway
I don't wanna see the day when you say goodbye

I wish I could get you out of my system
I say in my mind but my heart won't listen
I need a fix or two 'cause I'm in the habit of you

And if a guarantee is what you need
To keep me by your side, say no more about it
Because my love I just can't hide

I'm gonna hold out one more day
I won't let her take you away
I'm gonna hold out somehow, someway
I don't wanna see the day when you say

All you need in your life
All you need in your heart
All you need from a friend is love

All you need from your mother
All you need from your lover
All we need from another is love

I'm gonna hold out one more day
I won't let her take you away
I'm gonna hold out somehow, someway
I don't wanna see the day when you say goodbye

I'm gonna hold out one more day
I won't let her take you away
I'm gonna hold out somehow, someway
I don't wanna see the day when you say goodbye
