

My mind is full of questions
Walking down this dusty road
Search my soul for answers
Just wandering alone
Been searching for you woman
On the road of life forever
Feel I found my soul mate
You're the one I need to know.

That night you took me by the hand
Wanted to be more than friends, oh babe
When the nights get cold I'll be there for you
Wherever you may go
Wherever you may go - Alissa
I'm on this lonely road.

I know that times are tough right now
And I know you feel the same
You're the one I'm waiting for
You can take away the pain.
Hold on to all these memories
Dreaming of you every night
I need you standing by my side
To make it feel alright.

Girl please take me by the hand
Oh darling
Wanna be much more than friends
Oh babe
On and on

Wherever you may go - Alissa
Wherever you may go - Alissa
I'm on this lonely road.

And as I stand here just waiting
I'm dreaming of the night
When I lay my arms around you again
Till the morning light
Girl, please take me by the hand
Wanna be much more than friends, oh babe
On, and on and on. and on, and on and on we'll go
Come on girl just take my hand
We can love forevermore
My Alissa.
