

Angels Will Cry

Voodoo Circle

All of this sadness
It reigns on us all
Everything fades to black
Look in the future
Serenity gone
Now there is no going back

(I see it clear in my mind)
Angels will cry
(No other world we will find)
Angels will cry
(Angels will cry)
Angels will cry for the earth, no more

I know you watching
Come show us the way
When will you judgement be passed?
Your presence provides us
All that we perceive
Your wisdom will be but the last

(I see it clear in my mind)
Angels will cry
(No other world we will find)
Angels will cry
(Angels will cry)
Angels will cry for the earth, no more
