

Blind Man

Voodoo Circle

You remember the day
When the sun began to shine
And you felt the heat
That can only be a sign
And you remembered the light
That would show you the way
Sometimes it's good, to get on your knees and pray

And they'll be days you feel so cold inside
When the darkness seems so long, so strong
Cause you were blinded, but your spirit is alive
And now you find your way back home, something dies
When a blind man cries

Well there's a time in your life
When you need to be strong
Cuse lord above changed the path you've been on
It will be no surprise when all you possessed is now gone
No more chasing those shadows, cause they've been gone so long

And they'll be days you feel so cold inside
When the darkness seems so long, so strong
Cause you were blinded, but your spirit is alive
And now you find your way back home, something dies
When a blind man cries
