

Dream of Eden

Voodoo Circle

The sun is black it will never rise again
Daylight is gone and darkness consuming us all

The air is cold
Rivers turn into blood
Mankind is lost and nature is out of control

Read the signs
Seals are broken

Can you hear them scream?
Scream as they fall from heaven
Evil stole their dream of Eden
The angels are falling

We lost our faith
Abandoned and cursed by the Gods
In search of the light we failed to get out of the dark

Read the signs
Seats are broken

Can you hear them scream?
Scream as they fall from heaven
Evil stole their dream of Eden
The angels are falling

The sky is oh fire
As the world is coming to an end
It's the end of the world
