

## No Solution Blues

Voodoo Circle

I think of all I sacrificed  
When she was playing with my soul  
Got the blues of a woman kind  
And it's starting to take it's toll  
I'm about to loose my patience like I never did before  
Had enough of doing time, in my mind.

I've been down this road a million times  
Been trying to let go  
I'll keep on searching for some piece of mind  
That I'll never know  
Don't you break my heart again  
Now I have nothing left to loose  
Baby baby baby, I got the no solution blues

There were times in my life  
When I didn't know which way to turn  
Of all the things I've said and done  
I never seem to learn  
No solution in my mind will open up this door  
I'm getting tired of wasting time, on the line

I've been down this road a million times  
Been trying to let go  
I'll keep on searching for some piece of mind  
Don't you break my heart again  
Now I have nothing left to loose  
Baby baby baby, I got the no solution blues
