

## Tears in the Rain

Voodoo Circle

The rain kept on falling in the dead of the night.  
Her eyes filled with tears, as her memories come to light.  
Can't see no tears, can't see no tears in the pouring rain.  
She's thinking of someone, who is so far away.  
A deeper devotion, always taking the blame.  
Can't see no tears, can't see no tears in the pouring rain.

And maybe, one day she will find a way.  
There'll be no tears hiding in the rain.

She's been down this road before, and she can't take it any more.  
No, you can't see no tears, lost through the years, hiding the pain, tears in the rain.  
Can't see no tears in the rain.

The feeling gets stronger but she can't walk away.  
Sees no scene crying, it all just seemed in vain.  
Can't see no tears, can't see no tears in the pouring rain.

And maybe one day she will find a way.  
There'll be no tears hiding in the rain.

She's been down this road before, and she can't take it any more.  
No you can't see no tears, lost through the years, hiding the pain, tears in the rain.  
Can't see no tears in the rain.
