

The Killer in You

Voodoo Circle

In the middle of a nightmare,
I wake to find it was a dream.
I just used up my last prayer,
As I leave I hear them scream.
All I know tight in my hand,
Was the shape of a gun.
With the devil by your side.
I couldn't know what I have done, I'm on the run.

Seems that every night.
I have the same old dreams.
Every thing that I've known,
Is not what it seems.

As I face one more night
I'll be searching for answers to all my sins.
Can I stand up and fight?
Some one tell me what I'm supposed to do.
The killer in me. is the killer you.
Oh lord, I beg for mercy.
The killer in me
Is the one in you!

Feel like I'm going crazy
I can't take another night
Lord I begged you for mercy
Please can you guide me to the light?

Seems that every night
I have the same old dreams
Every thing that I've known
Is not what it seems.

As I face one more night
I'll be searching for answers to all my sins.
Can I stand up and fight?
Some one tell me what I'm supposed to do.
The killer in me. is the killer you.
Oh lord, I beg for mercy.
The killer in me
Is the one in you!
