

Victim of Love

Voodoo Circle

I look in the mirror and what do I see?
The face of an angel
And she's staring at me.
I've opened my eyes, to the woman I love
I savor this vision
And pray to the lord above.

I've been waiting for you
to change your decision
then what should I do?

Now I've lost all my faith in you
Divided feelings straight from above
You took away my heart, you stole it from me
Made me a victim of love.

You played with my feelings
And then walked away
Is love such a crime baby?
Won't you come back and stay.
I'm down on my knees
I just can't find absolution
Could it be I'm your victim?
'cause I'm the one you sacrificed.

I've been waiting for you
to change your decision
then what should I do?

Now I've lost all my faith in you
Divided feelings straight from above
You took away my heart, you stole it from me
Made me a victim of love.
