

Give In

Voodoo Glow Skulls

i don't want to be me anymore. everyone's chosen to ignore me.
it seems they all know what's in store. so i let the public pro
gram me. if they don't like what you say. they'll shut you off
like a tv. and if you do something wrong or write an intelligen
t song. they'll throw it all away. everyone just imitates eacho
ther. and they think it's something true. but, i know i'm just
waiting. for the money i make off my cd. jimmy cracked corn. an
d i don't give a fuck. i'll just take my chances. i'll just pre
ss my luck. everyone is looking at you now, so just give in. yo
u know you're running out of time, you can't win.
