

# Nightmares Musical Therapy

## Voodoo Glow Skulls

Submerged in a pool of someone else's control  
They've taken my emotions and imprisoned my soul  
Forgetting my identity I'm mechanical from head to toe  
Waking up in a cold sweat and afraid of my own shadow  
NIGHTMARES!!  
FUCKIN' NIGHTMARES!!  
Another life that lives in my subconscious mind  
One that's keeping me awake with the silence of the night  
Visions of disorder flowing through my brain  
Having to convince myself I'm not going insane  
  
I'm living in a nightmare can't you see  
I need some musical therapy
