

It's Time To Know

Voyager

Born again to feel the sigh
Every single day
Paradise alongside me
Horizontal eights
Haven't tendered anything
Present leads the way
Unsuccessful coping now
With storms of everyday

Kak nibud' on spravitsya,
Chas ego pridët.
Vsem nel'zya ved' nraivitsa - Pust' sebya naidët.
It's time to find
It's time to know
It's time to feel the same again
Into the flow
I take it slow
It's time to feel the same again
It's time to know
